Elevator Speech Project #2

Concept: This film is a paranormal activity production. We're going to have lots of different angles that are abnormal and we're also going to have the camera at the main characters point of view. We're planning on having the end the main character running away and in the morning someone finding the camera and watch the contents. This is supposed to be a horror film and we're excited to make it. This project will take 4 weeks or until the end of the school year.

Roles and responsibilities:

Brynn Ortiz – Main character

Emily Booth – Effect Manager

Allison McAllister – Camera woman

Resources:

Sound effects from garage band

Filmed at school and materials from home. 3 minutes? Maybe depending on the amount of time we have to film.
