Kubo is about a young boy who's mother doesn't want him out after dark. According to the reviews this movie is delightfully twisted and has a dark sense of humor. This movie is full of beauty and craftsmanship. People say that Kubo is frighteningly dark but yet still bold with color. In all most people say it's a classic hero's journey full of action and adventure, but it's also an amazing fable about love and loss, magic and memory. I thought the author did a good job showing his opinions about the movie and not being ruthless.
