International Tea- December 9th

International Tea Planning Meeting

Parents, volunteers, and teachers will be planning for the much anticipated International Tea this **Tuesday, November 29th at 6:30 p.m.** Please plan to join us as we decide on countries, table themes, decorations, and food to be served at this event. There will be many ways for parents/guardians to volunteer and make this event sparkle for our awesome fifth graders. More information will be coming as our plans take shape.

November Book Project

Students have been assigned a book project this month. They have been asked to select a book in the mystery genre to read, and will be creating a poster to summarize their book. Although we will be completing some parts of the project in class, students will also need to work on this project at home. Most students will begin to

create their posters in class this week. The due date for this project is **Wednesday, December 7th.**

Homework & Reading Log Reminders

Fifth graders will be assigned their spelling/language homework packet this week. They will need to remember to log 100 reading minutes for the week. Most students are reading their mystery books for their projects and can use that time for their reading logs.

Class Meetings Begin

Our class officers will be leading their first class meeting this Wednesday. We use class meetings to address community building issues, solve problems, and generate ideas to improve our classroom and our school. Students have an opportunity to share ideas and voice their opinions in a safe and respectful atmosphere.

Library Books Needed

Please remind your child to return library books on Wednesday of each week. Our library check out day is Thursday and we have some very popular books that have been overdue for sometime. Please return them so other children will be able to check them out and enjoy them.
