

LANE ESD MATH CONTEST

February 22 through February 29, 2012

With the help of the Lane ESD, we're running a math contest for all schools in the area.

To take part, students answer math questions on the free Sumdog website.

The school scoring highest wins a Certificate of Merit, and math software worth \$750.

We average the results across competing students, so all schools have a fair chance of winning.
