Dear Howard Elementary School Educators,

Hello! I am so excited to be able to offer Junior Achievement to your entire school this year! With that said, it's that time to sign up for a Junior Achievement Program and Volunteer. Each teacher who would like to sign up for a JA program from your school should complete a JA sign-up form and either e-mail or fax the attached form back to me. Once I receive your form and your requested start month, I will do my best to match you with a volunteer from the local business community. All of our Elementary School Programs consist of five volunteer-led sessions. The most typical model is once a week for five weeks but you and your volunteer can work out your schedules however works best for you!

Junior Achievement complements the hard work and dedication you put into educating your students. Our comprehensive curriculum, developed in partnership with educators, reinforces and supplements Oregon's Common Core Requirements from kindergarten through high school. Junior Achievement helps your students envision the possibilities of what they can be by helping them see the value of staying in school. Our interactive curriculum engages and excites students, leading to stronger critical thinking and decision making skills and more confidence.

Educators like you tell us that the JA programs in their schools and classrooms are easy to integrate and have significant impact and work well as they are delivered at no cost to schools or students!

Please let me know if you have any questions about any aspect of our program! I would be happy to provide you with more information if needed.

Thanks so much and I look forward to the opportunity to work with each of you this year!
Sheryl J
