

## Eugene LEL A Network Meeting

### Howard Elementary School

April 22, 2014

8:00-3:00

#### Learning Focus: *Technology Integration*

As a 1<sup>st</sup> through 5<sup>th</sup> 1:1 school, Howard teachers have been working hard to integrate technology into their classrooms. We would greatly appreciate data that helps us understand what technology use looks like when it is integrated into the learning process. We'll be looking for patterns of practice across the school that illustrate how technology is used for learning at Howard.
