Hi all!

CLASS LISTS

Linked below is the spreadsheet for document class lists for next year. There are tabs at the bottom for each grade level. You'll need to scroll across to find the 3 teachers' names at each grade.

Please note, **any names in blue must be left alone**. Our SPED team has placed kids in classes next year based on the services those kids need. For example, all kids on a writing IEP might be in one room to make it easier to either push in support or pull kids out while only having to coordinate with one teacher instead of 3. Also, Carolyn has requested that ELD kids be grouped together if possible to make it easier for her to get students.

Allan sent out the templates for the cards for sorting students. I've also included columns on the spreadsheet to denote any special circumstances for kids. Hopefully that will help in making sure classes are as balanced as possible.
