

DEMO TEAM

Invite our demo team!

OUR KIDS ARE YOUR KIDS

INVITE US TO YOUR SCHOOL!

Our students attend your schools in the 4J, Bethel and Springfield school districts. We strive to team up with principals and teachers to help kids learn and practice important life skills like courtesy, integrity, perseverance, self-control, leadership, and many others. By hosting our demo team, we also inspire your student body!

No Performance Fees

Our goal is to give our kids opportunities to develop leadership skills, practice courtesy, persevere, exercise self-control, & grow an indomitable spirit. We only ask for your partnership!

Variable Time Length

We craft the length of our demonstration to the time you have available, whether it's 3 minutes at a school sports halftime, or 30 minutes at an assembly, cultural event or festival.

Positive Message

With patience and persistence nothing is impossible! Positive Thinking, Talking, & Acting is at the core of our "I can do it" approach to life. We will wow and inspire your student body!

Experienced Team

Our traditional demonstration team was founded in 1987. While our membership rotates, our leadership has always been headed by Great Grand Master Lee.
