Subject : [howard_cert] [cert_elem] Report Card Math Supports

To : cert elem <cert_elem@4j.lane.edu>

Greetings Amazing 4J Teachers!

As Semester 1 comes to close, I have created two guidance documents for report cards. The first, REPORT CARD ALIGNMENT, is similar to the standards-aligned document we had before. It lays out the extent to which each standard in a cluster (or report card heading) was taught each semester. It indicates standards taught to mastery, in progress, or not yet taught. I've added the LearnZillion units these standards are found in as well. The second, REPORT CARD FAMILY SUPPORT, provides more family friendly language around the expectations for students who are "on track to meet" or "meeting" standards.

CCSS for Math in Spanish can be found here: https://commoncore-espanol.sdcoe.net/CCSS-en-Espanol/Mathematics
The Spanish translation for the "family support" document will be available by grading day.

I'd like to point out that both are based on our pacing guide, and it is possible that some teachers are in a different place instructionally. As a result, grades for Semester 1 need only reflect the content covered. We understand that keeping up with pacing this year could be difficult for a variety of reasons (gaps from previous curriculum, developing familiarity with new curriculum, and more). It would be my pleasure to collaborate with any individuals or teams who would like advice on how to jump back on track in Semester 2.

Finally, these documents are intended to be supportive. Teachers can use these resources as they see fit. If you have any questions or feedback, please feel free to reach out.

With much respect,
Jaimee Massie
