

Sleep in Heavenly Peace

Non-profit, building bunk beds for children that are sleeping on the floor
"No Kid Sleeps On The Floor In Our Town"

Whatever the situation: A family that has fallen on hard times, domestic violence, returned from military service and is starting over, **EVERY** child should have sweet dreams in their own bed.

Gift of Security

A good night's sleep in a hand-crafted bed, made with the loving hands of community volunteers. Each bed comes with a twin-size mattress, pillow, sheet set and comforter.

Whether the request is for you personally or you want to refer a family, we are here. Go to our website, click on "request a bed" and follow the steps. It's that easy.
