

Let's work together to make Lane County a place where kids are successful in school and life.

When you give to United Way of Lane County, your money supports these outcomes:

FAMILIES ARE HEALTHY AND STABLE

CHILDREN ENTER KINDERGARTEN READY TO LEARN

STUDENTS ARE SUCCESSFUL IN ELEMENTARY SCHOOL

YOUTH GAIN A PATHWAY TO PRODUCTIVITY

Each grant cycle, non-profits throughout Lane County are invited to submit a proposal for funding, and we recruit and train volunteer community members – donors like you – to review applications, make site visits, and determine where and how the money should be distributed. Then staff work with the selected organizations to support their efforts and provide accountability to our donors.

Your money currently supports the following agencies:
