

## EUGENE CONCERT CHOIR

# American Style FOR KIDS!

### Application

Please fill out one application per group and consider scheduling more than one class at one time. I've had 60 or more kids in one session. Schedule three 30 to 45-minute presentations for each group along with suggested dates starting near March 1. After your application is received, you will be contacted to schedule the dates and times. I will try to accommodate your preferred schedule.

As Music Education Director, I will visit your school to teach the song and provide you with the ECCO CD and supporting materials. You are encouraged to work on the song on your own to help the kids with memorization. Eugene Concert Choir will provide concert passes for teachers to distribute to participating kids and one accompanying parent. We are also happy to provide passes to teachers and principals as a thank you for participating in ECCO 2019. Let us know how many you would like. The theme this year is *American Style for Kids*. This year's song is "Consider Yourself" from the musical *Oliver!*
