Hello All Elementary Instructional Classified Staff (Sped, Title, Kindergarten, General Education, etc.),

As you know, grading day is coming on February 1st. We will have our Elementary EA Extravaganza on that day at the Education Center, 200 N. Monroe St. I am including a snapshot of the sessions offered, but **you will need to sign up on Talent Ed**. The information about how to do this is included in the **attachment**.

Rooms will be assigned after registration so that we can match the space to our numbers. We will have the room assignments posted on February 1st.

Registering for Professional Development Activities

We are working with a new section of Talent Ed. Talent Ed Develop is a system for housing monitoring professional development. I have also attached a document that explains how to register for each of your choices. This is important. **You must register for your choices. If you don't do this, you will have limited choices when you show up on February 1st.** The attachment on this email has directions on how to do this.

After you have registered for your courses, I encourage you to add the smartphone mobile app. The directions are at the bottom of the home page. Mobile app users will be able to skip the line for signing in. The code will need for use of the mobile app is **ytw7iT**. You can simply scan the QR code as you enter your session. Once you have registered, the mobile app will also display all of your courses and necessary information.

If you have any questions please email 4jpd@4j.lane.edu.
