Hello All **Elementary Instructional Classified Staff** (Sped, Title, Kindergarten, General Education, etc.),

May 3rd is Transition Day in the elementary schools. Normally we would offer an EA Extravaganza on this day, **but due to limited space there will be no Extravaganza on May 3rd**. There will be a couple of morning sessions offered with limited space (see below). If you want to attend one of these sessions **you will need to sign up on Talent Ed**. The information about how to do this is included in the **attachment**.

**Sessions offered will be at the Education Center, 200 N. Monroe, (Mozart, Parr, or Tower rooms) NOT the auditorium**

**All sessions are May 3, from 8:00-10:00am. Each session is limited to 20 to 30 participants, sign up early.**

1. **Teaching Phonological Awareness- Mozart Room** (Sarah Prater) This session will focus on the use and implementation of the Heggerty program that was purchased to supplement Journeys for kindergarten and some intervention groups.
2. **Beginning American Sign Language for the Classroom- Parr Room** (Della Thomas and Sherilyn Compton) Do you work with students in life-skills programs? Are you interested in becoming more visual in your communication? Please join us for a fun, two-hour, "hands-on" workshop where you will learn basic sign language tools for the classroom!
3. **Spring Survival Tips- Tower Room** (Marlee Litten, Toby Rickard, Hank Benz, Joanne-Nicole Curzie, Katherine Baumgardner, and Jen Annett) In this session you will learn about multiple approaches, reminders, tips, and activities to help you keep your students engaged and learning through the Spring.

[Registering for Professional Development Activities](#)

We are working with a new section of Talent Ed. Talent Ed Develop is a system for housing monitoring professional development. I have also attached a document that explains how to register for your choice. This is important. **You must register for your choice. If you don't do this, when you show up on May 3rd, there most likely will not be space.** The attachment on this email has directions on how to do this.

After you have registered for your courses, I encourage you to add the smartphone mobile app. The directions are at the bottom of the home page. Mobile app users will be able to skip the line for signing in. The code will need for use of the mobile app is **ytw7iT** You can simply scan the QR code as you enter your session. Once you have registered, the mobile app will also display all of your courses and necessary information.

**If you have any questions please email 4jpd@4j.lane.edu.**
