No Appointment Needed ~ Stop In and
Learn About Your Hearing

To support May is Better Hearing and Speech Month, the College of Education's Communication Disorders and Sciences clinical training program will be hosting **FREE** hearing screenings during the month of May at the Erb Memorial Union (EMU).

This public service will be available to **ALL** students, faculty, family members, and residents of Lane County, on a drop-in basis (Ages 5 to Mature Adult). Following a hearing screening, documentation of the results will be provided with any needed recommendations. Educational materials regarding hearing issues, as well as a career table, will also be on site.

The UO COE Hearing Screening Days are a collaborative effort from the following groups: The National Speech Language Hearing Association UO Student Group; The University of Oregon Nontraditional and Veteran Student Engagement Group; The UO Alpha Tau Omega Fraternity, and licensed audiologists from Hearing Associates, Inc.

For further questions, please contact Franklin W. Bender, PhD, CCC-SLP, Clinical Assistant Professor, at fbender@uoregon.edu

Needed accommodations for any UO student or faculty member should contact the Accessible Education Center at 541-346-6013
