A mini-grant program supporting youth education

**Application Deadline: October 10**

As your teachers are prepare their classrooms and make plans for the school year, we would like to help!

The goal of Northwest Community Credit Union's (NWCU) annual grant program is to help educators create learning experiences for kids that might not otherwise be funded by school budgets. **This year, we have two funding opportunities. Please share with your teachers!**

**CLASSROOM LEARNING MINI-GRANT:****Up to \$1,500 for individual teacher resources and projects.**

From requests for classroom supplies, technology, books, to funding for classroom projects, programs, or field trips—we'd like to provide educators with the resources to engage and educate their students.

**NEW THIS YEAR—FINANCIAL REALITY GRANT:****Up to \$5,000 for new or enhanced financial literacy projects, programs, or curriculum.**

This grant's goal is to help schools teach youth financial literacy concepts providing them with the knowledge and skills necessary for success in life.

Educators are invited to submit their funding needs/wishes to NWCU through a competitive, submission process. **Applications are being accepted now through October 10, 2019**, with winners awarded by December 13th.

**To view submission criteria and submit an application, please direct your team to the program website at**
