

SNAP Training and Employment Program (STEP)

Are you receiving SNAP benefits?

Do you need help with Employment and Training?

If you answered yes to both, then STEP may be for you! (If not, you still may be interested and potentially eligible for these services.)

Services may include the following:

- ✓ **Financial Assistance** - such as work related transportation, clothes, tools, interview clothing
- ✓ **Career Advancement** - such as exploring your skills and strengths, getting your GED, help keeping your current job, short-term training, job leads, supported work experience
- ✓ **Building Job Search Skills** - such as help with applications, resume writing, interview practice and networking
- ✓ **Home and Family** - such as community resources, childcare options, navigation services (for example, affordable housing and counseling), and budgeting.

To get started, contact any of our STEP Partners. Each partner specializes in different supports and is able to provide various services. Please see the reverse side for more information.
