Hi Everyone,

My name is Sonja Drapela. I am your regional substitute teacher. I will be assigned to elementary school substitute jobs in the Sheldon region. I will be shadowing teachers to get familiar with the technology, schedules, and students. (Thank you to all you teachers that have already welcomed me into your virtual classrooms!) I will, also, have a “base” school where I will be working when I am not assigned to a sub job. I will be available to you, from this base school, for tasks or projects that can be done remotely. I will be available to my host school for both remote and in-person work. Please, keep me in mind for your guest teacher needs, and any other way I can be of assistance to you.
