Team,

To alleviate the impact this year to students that do not have permission to use Google Apps see below.

Students that have not returned their Google App permission form, and have Google Apps set to "N" in Synergy:

Preferred

1. Parent completes and returns the form
2. Call the parent, while on the phone walk them through completing the form. They can then take a photo of the completed form and text, scan or email it to you.

New Option - For this year

When this is not possible and to prevent an impact to the students learning, see the **exception** below Call the parent and obtain a verbal consent to enable their students Google Apps. Complete the form on their behalf. It is still recommended and preferred that they sign the form at some point.

Hope this helps.

Best,

Steve
