Hello amazing colleagues!

Our campus safety and security monitors are doing an amazing job of connecting with our students. I appreciate all of the wonderful feedback from many of you.

I would like to ask you to consider sharing with your campus safety and security monitor the name of any student that might benefit from someone checking in and "seeing" them. If you have a list of 3-5 students each day, they will do their best to reach out and make contact. We know that the biggest protective factor our students have is being connected with a trusted adult and we don't want to miss out on this unique opportunity to build trust in our community.

I think the best way to provide the names would be to send an email "ticket" to studentwellness_safety@4j.lane.edu once a week to your regional campus security staff and provide the name(s) of the student(s)

Thank you,

Kari Skinner
