Hello everyone,

Here is where things are as of this evening:

Enrollment is lower than anticipated. Below is a chart with the number of seats available at each grade level in each region. I still need to double check with families not attending their neighborhood school to confirm their program location but I don't expect significant changes.

If you have students who you think would be a good candidate for the program but don't quite meet the criteria you can add them to the spreadsheet and invite them. Please know we still need to avoid students with significant behavior issues as we will not have the staff to support.

Because our current 5th grade enrollment is so low we will be opening up a mixed class of 25 students for rising 7th and 8th grade students at each location. Since I have 7 confirmed middle school teachers (and possibly one more) I will monitor sign ups and add an additional section based on enrollment. This enrollment will be by invitation only and will be first come first served. I will start by sending an invitation through synergy to the families indicated on the middle school spreadsheets as top priority. I will forward a copy of this email to middle school admin when it is sent. My plan is to send it next Tuesday morning.

Thank you for being so responsive and flexible as we work to create a program to benefit as many students as possible.

Casandra
