Hey Allan

Now that I am settled in at Sheldon and I have a clear view of what my job expectations are, I will be visiting Holt on Tuesday the 10th at 11am. I know you are a busy guy so we don't have to meet that day but I would like to just visit the school, talk to students and teachers. Of course if you would like to meet and discuss any support that you might need, I will be available to do that. I look forward to being in your building! Have a great weekend.
