2023 Electronics Recycling Competition!

A HUGE thank you to everyone involved. We collected over 33,000 pounds (16.5 tons). That's twice as much as last year!

Congratulations to our 8 winners - listed below.

*The biggest winners are the Earth and our communities!
Preventing electronic waste is one of the top things we can do
to (1) prevent toxins in our environment, (2) recover
important materials that can be reused in new electronics, and
(3) provides volunteer and staff opportunities in our
community.*

ELECTRONICS RECYCLING COMPETITION - RESULTS

Special Thanks to:

Cesar Chavez Elementary (4J District)
Prairie Mountain School (Bethel District)

These two schools participated in the Electronics Recycling Competition, and completed their Oregon Green Schools certification by the end of April. We celebrate your efforts to become certified, involving your schools in project-based learning focused on resource conservation: waste reduction, saving energy and water, and understanding how to be Earth stewards!

If you would like more information on the Oregon Green Schools program in Lane County, please contact Joshua at Partners for Sustainable Schools: greenschools@live.com or visit oregongreenschools.org
