Hello all,

I'm pleased to share that Safe Routes to School received a grant from the Oregon Department of Transportation for U-locks, helmets and some lights for students. Everyone is welcome to request helmets, but the locks and lights would be best suited for middle & high school students using bikes for transportation (U-locks are harder to cut than cable locks, so please do request them for students at schools where bike theft is a problem). Please fill out [this form](#) to place a request and I'll try to get them in district mail next week.

Best,
Sarah
