Good morning team,

I sent an email on September 1st and it appears to have not reached any of you and we are looking in that. My apologies.

Please see the original email for information regarding the district pause using Raptor Alerts.

In the interim, it will be important to use your PA system "ALERT PAGE" button on the voice over internet protocol (VOIP) phone system. You will press the alert page button and follow up with a command "Secure", "Hold", etc.

Thank you,
Kari

Welcome Back!

I trust this message finds you well and you had a wonderful summer break! I would like to share my sincere appreciation for the work you do each and everyday for students! As you know, we provided training to the All-Administrator group on the functionality of Raptor Alerts in late spring and are looking forward to the upcoming school year.

As you are aware, we have been preparing to deploy Raptor Alerts districtwide, and we are excited about the forthcoming implementation with your cooperation. McCornack Elementary, our pilot school, has shown great enthusiasm for the functionality of Raptor Alerts, and we are eager to expand its use throughout the district once the implementation is complete.

However, at this time, I kindly request that Raptor temporarily deactivate all Raptor Alerts until our full implementation is ready.

Your understanding and support during this phase are greatly appreciated.

Thank you,

Kari Skinner
