Good morning, and happy Friday leaders!

As you know yesterday was our last day with our fearless Safety Director Kari Skinner. When I shared the news of her transition it came with a request for those interested in reviewing and refining the position to ensure we are nimbly meeting the needs of our system, this offer still stands for those interested.

In terms of day-to-day and process, please continue to work with your region's campus safety team as I have full confidence in their ability to address and navigate day-to-day needs. **The Safety phone number of 541.780.4000 will still be your primary phone a friend and for a short transitional period, I will man it with the help of the talented safety team.** Moving forward we will likely be filling a temporary role to ensure that you have access to the same high-quality supports Kari provided until a reimagined role can be thoughtfully recruited and filled.

As, always, please lean on your supervisor/director for questions, reach out to myself or Clark Hansen as needed and know that we stand prepared to assist with your safety concerns as they arise.

Thank you for your work and dedication to your departments, buildings and school communities.

Kindly,
Jen
