**To :** all admin <all\_admin@4j.lane.edu>

Hello All,

The grounds crew has been working hard to clear the debris from the ice storm but we are limited to what we can access and remove at higher areas in the trees. We have been waiting for local tree care contractors to get through their high priority work of clearing roads for power line repairs and removing trees from homes. They are starting to free up and we will have crews working at 4j sites this weekend. I have set the priorities to address hanging limbs near playgrounds and high use walk ways.

If you or your staff see hanging limbs that do not have caution tape under them, please report them to Facilities at 790-7400 and follow up the call with a work order.

Thank you for patience and support!

Regards,

Daniel Temple
