Dear Principals,

Our district will be administering the SAEBRS (Social, Academic, and Emotional Behavior Risk Screener) universal screening tool in two windows throughout the 2023–2024 school year. SAEBRS is a brief, norm-referenced tool for screening students to identify areas of potential school-wide growth. This universal screening tool is built to align academic and socio-emotional learning opportunities and interventions to increase well-being and developmental competencies. The initial screening window is between January 3rd, 2023 – February 29th, 2024. SAEBRS is administered by teachers or counselors in grades k–12 and takes approximately 2–3 minutes to complete each student assessment. MySAEBRS is the student version of the same assessment given to students in grades 2-12.

This survey is a valuable tool for schools to identify patterns and opportunities to teach lagging skills, and areas of growth to support social, academic, and emotional outcomes. We will be administering SAEBRS two times in the following windows January 3rd, 2023 – February 29th, 2024 and May 1st - May 31st, 2024. This data should be utilized to inform an understanding of school-wide social and cultural aspects that inform interventions that are not singularly student focused.
