Here is just some procedure things that will happen to keep everyone in the loop.

1. There will be a cone in the cafeteria with your name. The idea is to sit in rows next to your class cone. It will be this way for performance night so the whole class is together.
2. A runner will come get your class about 1 or 2 songs before they perform This way students can get the instruments they may need. Students know where they have to set up and what instruments they need or if they don't need one.

3. Order goes as follows:

1st, 2nd, 4th
