Subject : [4j_announce] Multi-Factor Authentication District Deployment
To : 4J announce <4J_announce@4j.lane.edu>

All 4J staff,

The next phase of our Multi-Factor Authentication (MFA) deployment will begin during the week of April 8th. This initiative is part of our ongoing commitment to enhance the security of our digital infrastructure.

You will find comprehensive guidelines how to set up MFA on our Rapid Identity portal and on your mobile device here:

https://drive.google.com/file/d/1c8pM7Xk_x1fL3CG6atG7X1rf_U4P57nY/view?usp=sharing.

It is imperative that you follow steps 1 through 2 at your earliest convenience. Please print the above pdf and keep a physical copy stored securely outside of your email environment. Once the enrollment process begins you will only be able to access your 4J email and 4J Google Drive by following these instructions fully.

If you do not receive a phone stipend from 4J and do not have a District-issued cell phone or iPad and you are unable or unwilling to use a personal cell phone to install the app, then you can request a dedicated hardware key be issued to you by using this form:

https://docs.google.com/forms/d/e/1FAIpQLSfBqo4w9QKdAjPjpkpyNsLEM4x5VqfYwZ1jSCNxMTPg4pyUQA/viewform?usp=sf_link.

If you choose to use a hardware key, please request one as soon as possible so sufficient hardware key supplies can be procured.

If you request a hardware key, further instructions about how to enroll the key in your Rapid Identity account will be sent to you.

If you have already enrolled in MFA, please disregard this email.

Should you have any questions or require assistance during the setup process, please contact the IT helpdesk, Ext. 7777.
