Hi all,

I have given staff their red folder for spring Easy CBM benchmark testing. Please remember that the window does not open until **MAY 13th**. This give you a week to think about scheduling your assessments. Currently we do not have additional supports to help teachers with testing, and we may or may not be able to provide that this time around, so please do your best in teams or wings to help each other out.

Testing window (3 weeks):
May 13-June 6th

If you are missing any copies, remember you can print from the Easy CBM site, or let me know and I can track down what you need.
