

# University Center for Excellence in Developmental Disabilities

Held every summer, the University Center for Excellence in Developmental Disabilities (UCEDD) Summer Internship Program provides opportunities for high school or early college students to

- **gain experience in the disability field**
- **develop transferable skills, and**
- **learn about various career paths in health care and disability.**

Interns will receive training on disability justice, clinical practices, research, and cultural awareness, as well as support and guidance in career planning and networking. The 2021 internship will be held online (intern will telework).

**Networking**  
**24 hours per week**

**Virtual Tours**

**Informational Interviewing**

**Virtual Grand Rounds**

This internship is designed for students who are interested in pursuing a career in health care, specifically with a focus on disability. Interns must be at least **16** years of age by the first day of the internship.

The following students are strongly encouraged to apply:

- Students with disabilities
- Students with siblings or family members with disabilities
- Students from historically underrepresented populations in the health and science professions
- Students from socially and economically disadvantaged populations

The 2021 UCEDD Summer Internship Program runs June 21st through August 13th.

Applications will be available December 1, 2020 and are due February 1, 2021.

Directions on how to apply can be found at [www.ohsu.edu/sip](http://www.ohsu.edu/sip).
