Master Recycler Class
R101 - Study Guide to Chapter Eight - Taking Action

Name _____

Date _____

Log in to your R101 site and go to the Chapter 8 entitled *Taking Action*. Click through the pages and answer the study guide questions below. Some pages won't contain answers to the questions on the Study Guide.

1. When does most environmental impact occur from our consumption of goods and products?
2. Describe the gap between attitudes and action regarding environmental problems?
3. What four factors are important motivators for people to reduce and recycle?
4. What other benefits occur when you consume / buy less (in addition to environmental benefits)?
5. Describe the Green / Brown spectrum.
6. "One of the most effective ways to influence others is by modeling desirable behavior." Explain.
7. Describe the three types of government entities that have power over environmental decisions in Oregon.
8. Describe THREE publications or groups you can follow to get informed about environmental actions.
9. What is Oregon's Public Meeting Law?
10. What is the Oregon Environmental Council's Citizen Action Guide?
11. How can consumers influence businesses to make better environmental choices?
12. Describe the FIVE steps to take to improve environmentally positive actions.
