**Subject :** [4j\_priority\_mail] Temporary Child Care Voucher Program  
**To :** 4J\_priority <4j\_priority\_mail@4j.lane.edu>

Good Afternoon 4J-

This week, on Wednesday, the Board of Directors for the school district approved funding for a Temporary Child Care Voucher Program. The purpose of this email is to provide you information on the program and access to the application.

The district recognizes that the transition to a hybrid instructional model means some students will split their time between in-person learning and remote learning. At the same time, many district staff members will be required to work in schools and will be unable to supervise their children at home.

To support employees who have school-aged child care costs directly related to their assigned work schedule, the district is offering a temporary child care voucher program for eligible 4J staff. This benefit is intended to provide partial financial support to employees who are required to work in 4J buildings and will be unable to provide supervision to their child, age 5 to 12, on their child's remote learning days.

To learn more and for complete details, you should review the attached document or visit the [Temporary Child Care Voucher Program webpage](#).

Within the attached document and on the webpage, you will find a link to the [2021 Temporary Child Care Voucher Program Application](#). This is a Google Form application. You will need to be signed in to your 4J Google account to access this application. If you need assistance in how to sign out of your personal Google account and into your 4J account, [click here for instructions](#).

The district is able to provide vouchers for up to 400 employees, which will be granted in the order in which the application was received. Only completed applications will be approved (see details about the grace period for completing applications on the attached document).

If you have any questions, please send them to [HR\\_ChildCare@4j.lane.edu](mailto:HR_ChildCare@4j.lane.edu).

Thank you.
