What I would do with \$1000.00

In this chart below I showed what I would do with \$1000.00. I used a pie chart to graph it out.

I used \$200.00 and \$100.00 the most. I have seven categories. The pie chart was too small to fit the \$100.00 in the chart, but not the \$200.00 because the \$200.00 chunk is bigger.
