

BELL RINGER RESPONSE SHEET: WEEK 19

Monday MISTAKES

Correct the errors in the following paragraph.

Lake hillier lies on won of the islands off the west-coast of Australia. This lake is like no other in that the water is a bright bubble-gum pink color! The vibrent color is permanent, and does not alter when the water is taken in a container. The pink color is a result of the presence of a organism called dunaliella salina, this organism causes the salt content in the lake too create a red die witch helps produce the color.
