DID YOU KNOW?

Advanced students need challenge and stimulation to enhance their creative and critical thinking skills, the tools they need to fulfill their potential as producers of knowledge. Learning with intellectual peers is also widely viewed as crucial to their optimal development. Super Summer provides this important opportunity that is difficult to find in other settings. Join our summer learning community and see your child thrive!

ACADEMIC ENRICHMENT PROGRAM

Super Summer classes offer stimulating, in-depth learning experiences beyond the scope of the normal classroom. Children are free to create, design and invent with other advanced and motivated students in a safe and encouraging environment. Students enthusiastically participate in integrated, mixed-grade classes with a multi-discipline focus. Your child may choose from a myriad of classes that incorporate one or more of the following curricular areas:

Science • Technology • Visual and Performing Arts
Foreign Language • Creative Problem Solving
Mathematics • Language Arts • Music

INSTRUCTORS

Super Summer instructors are passionate about what they teach! They demonstrate a proven ability to work with advanced learners. Our instructors are professional teachers from Oregon school districts, recent graduates of teacher education programs and practicing professionals in the community. All instructors are thoroughly screened.

WHO IS ELIGIBLE?

Designed for highly motivated children completing grades K-5 who love to learn, Super Summer challenges students who are high achievers, generally working above grade level, and who exhibit the ability to explore topics in great depth. They are often TAG identified or require educational services above and beyond those provided by the regular school program. Acceptance is based on responses to the accompanying screening form (only for applicants who have never attended Super Summer).

BEHAVIOR GUIDELINES

Participants must:

- Show self control and responsibility in academic and social situations.
- Show respect for other people, their feelings, their ideas and their property.
- Cooperate and be a good group member.
- Love to learn.

Dates
