We are going to form study groups.

These individuals scored really well on the first unit.

This unit was on LeMay's expectations. They should be able to help other group members do well as well.

Remember your class is a team trying to do better than the other classes. Help each other be holding everyone accountable.

If you feel comfortable exchange phone numbers with your group members.

If someone is sick and can't make it to class, help each other get missing work and get caught up.

Have study groups, they can be fun. Have someone host a study group and then watch a movie.

Meet up at starbucks like the college kids, have fun while studying.
