Travel Poster Requirements:

- 2-3 Different Sketches with placement of required elements (these will be submitted with final painting).
- Name and Location
- Incorporate at least 3 techniques we've learned in class
- Reflection: You will be writing a reflection which explains your choices; how you've met the requirements; what you felt you did well; what you tried, but didn't go as planned; if you had the chance to do it again what would you do differently?

Things to think about and include in your poster:

What makes people want to visit?

Are there any special events?

How can you get there?

Who is your target audience?

When is the best time to visit?

Is it a collectable poster?

Is your travel destination part of a tour?
