

Activity 5.1

Directions: after watching Barb's "Activity 5.1 Video", use the food web below to answer the questions.

1. Highlight the producers green and the consumers pink in the food web above.
2. Which organisms are **both** predators to some and prey for others? Hint: there are three.
3. How many predators does the western pond turtle have in this food web? What are they?

Analysis and Interpretation

4. ● How can you use a food web to help you understand how different organisms might affect the Pond Turtle?
