

Activity 6.2 – Adding the bull frog to the Eugene wetlands food web

What will we do?

We will add the bull frog to the Food Web to see how it might affect the ecosystem.

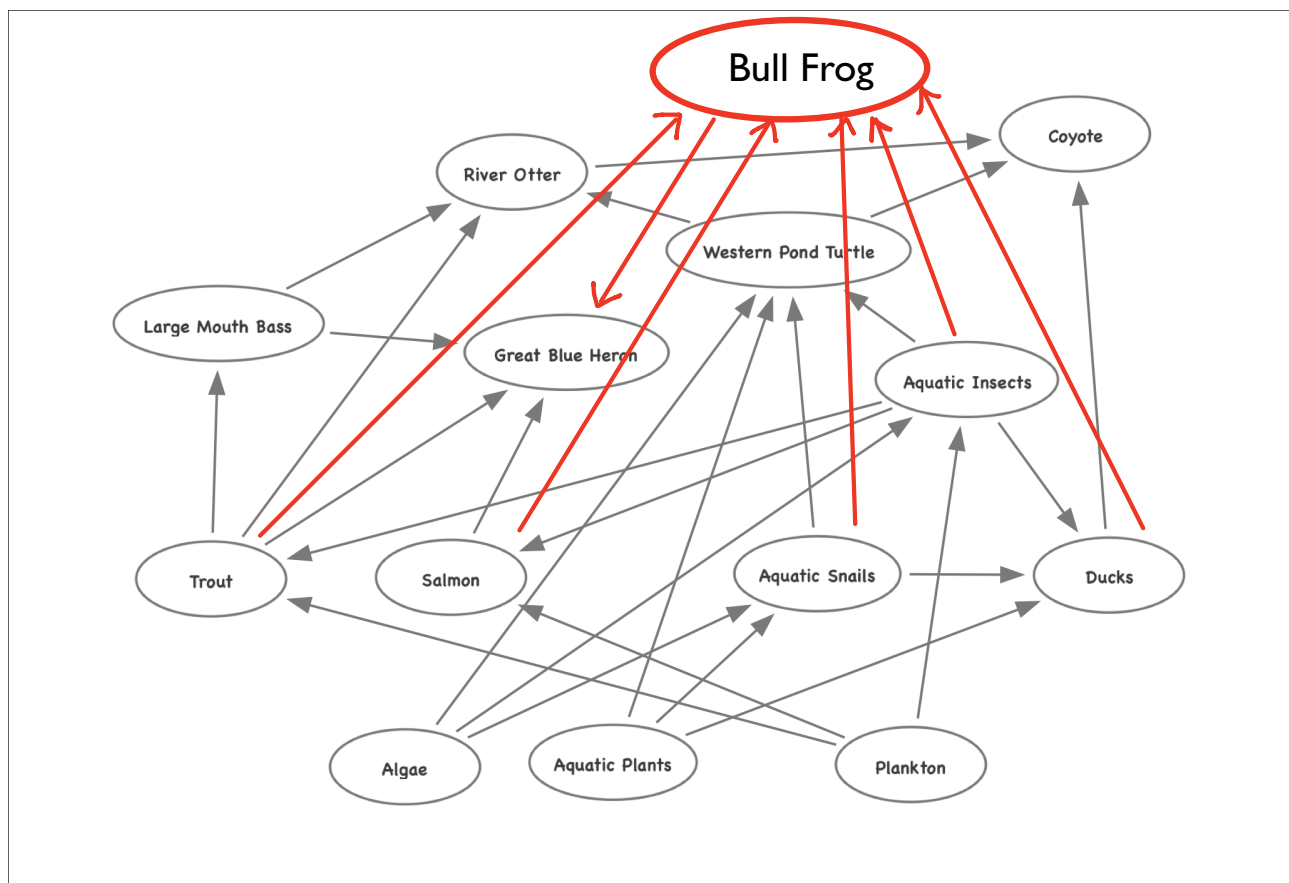

Use the information in the food web to answer the questions.

Procedure

- ☐ What are the predators of the Bull Frog?

- ☐ What are the prey of the Bull Frog?

~~Add the Bull Frog to the food web below and add the arrows to show the interactions.~~

Analysis and Interpretation

1. List all the ways that the Bull Frog affect the Western Pond Turtle:

2. How does the Bull Frog affect the coyote?
