India

Read the paragraph for background information. Then use the map to answer the questions.

Did you know? India began along the banks of the Ganges River as one of the four major river civilizations of the ancient world. It has a long and rich history as an empire, a religious people, and a successful people. India ranks right behind China in world population, although it is a much smaller country. It is one of the most ethnically diverse populations in the world, and although great strides have been made to even out the opportunities for all of its people, violence still occasionally erupts between groups.
