

NAME:

DUE: FRIDAY, MAY 11th

Personal Symbol - 10 points

Make at least **four** preliminary unique designs for your personal symbol. Your design should represent you and since it's metaphorical, it could be a place, animal, object or a combination of those things. Think about the qualities that make you who you are. **REMINDER:** Stay away from logos, brand names, letters and symbols that already have meaning attached to them. The final product will be on a square of thin copper which will go on the front cover of your portfolio. Color is not required for these thumbnail drafts.
