Period 2

Elevator Speech

My PSA is going to be about electronics in class as well as electronic rules. I will use videos, photos, and text screens to inform people about the electronic rules and what to do with electronics in class. By watching this PSA, the viewer should have a basic understanding about how to use electronics at Cal Young.

My PSA will be targeted towards the student at Cal Young. By watching my PSA students at Cal Young will learn, the rules and how to use electronics in class. People should care about the rules because if they break them they will get in trouble. Knowing the rules is very important so you know what to do and what not to do.
