Bullying Elevator Speech

I'm doing my PSA on bullying. The reason I'm doing this subject is because there are a lot of kids being bullied today at school and over the internet, and I think it's a big problem. Did you know that over 3.2 million students are bullied every year? 90% of 4th -8th graders report that they were bullied sometime in their life. The PSA message is that if you are being bullied you must be sure to tell an adult, and you are not alone. I am wanting this PSA to be 60-90 seconds. I will get most of my photos off of Google Images.
