Partner with the Boltage Program to

Bike or Walk to School AND Win PRIZES!!

How it works:
Students will participate in two teams, "green" and "yellow" throughout the year. For each foot worn, the program will award prizes to the most active participants and randomly to members from each team. Awards include gift cards and passes to local fun activities such as bowling or roller skating. In order to qualify for the random drawing, students will need to log certain number of trips. At the end of the year, the most active participants will be recognized at a pizza party for all participants from both teams. Also the most active team will be awarded a University of Oregon sporting event price.

Boltage starts: Oct. 14

- 1 Win certificates to local activity places
- 2 Team competition: Green vs. Yellow, win UO sports-related event.
- 3 Pizza party for everyone in late May! Medals to be given to the most active commuters.

CAL YOUNG

The Boltage Program's mission is to make walking and biking to school a way of life. The Boltage Program is sponsored by the Eugene SRTS Programs and University of Oregon through research funds awarded by
