

May 1, 2019

Dear TAG Coordinators and Educators,

Summer isn't too far off and it's time for families to start planning their summer camps. Oak Hill School offers 4 unique summer programs.

- [Super Summer](#) has challenging classes and activities for TAG/gifted student who have completed K-7th grades (2018-2019 school year).
- [Summer Enrichment Program \(SEP\)](#) is a residential academic experience, for TAG/gifted students who have completed grades 6-11, located at the University of Oregon.
- [International Youth Enrichment Program \(IYEP\)](#) is a residential academic experience specifically designed for international students who have completed grades 6-11, also located at the University of Oregon.
- [Summer on the Hill](#) is a learning and recreational opportunities for all youth who have completed grades k-12

Super Summer and SEP have a rich 38-year history and a large following of students nation and worldwide. Students must apply online for Super Summer and SEP. They can submit eligibility criteria in one of three ways.

- Proof of the student's TAG/gifted identification
- Standardize Test Scores (showing that the student scored in the 95% or above in at least one of the major content areas)
- One recommendation form from a current educator in the student's school.
- The student has attended Super Summer or the Summer Enrichment Program at Oak Hill School within the past two years

Please share our program information with your students and families, many of whom would be a good fit at one or more of our programs. I've attached the eligibility form and brochure for your reference.

If you would like more information please don't hesitate to contact us. We are more than happy to provide you with additional resources and answer any questions you may have. More information about our programs can be found at www.oakhillsschool.com/summer

We look forward to having your students with us at our programs this summer.

Warmly,

Cyndy Meno
Auxiliary Director
